August 2, 2023

Dear CRY-ROP Community,

Welcome to CRY-ROP and the 2023-2024 school year! We are very proud of our over 50 years of service to the students of the Colton Joint, Redlands, and Yucaipa-Calimesa Joint unified school districts. Over 7000 students are enrolled annually in our Career Technical Education (CTE) courses, designed to make learning meaningful and relevant while giving students options. We believe College and Career are both imperative to the success of all students.

Career Technical Education aligns to future job opportunities by providing technical, academic, and employability knowledge and skills. Most importantly, CTE prepares students for careers of their choice. Parents have an important role to play by exploring traditional and non-traditional career options with their students to understand the steps needed to achieve their career goal by encouraging them to participate in CTE classes, work-based learning, job shadowing, industry tours, college visits and talking with industry experts.

We invite you to browse through our website to learn more about us, view our different high school and adult programs, discover upcoming events through our social media, and contact us if you have any additional questions or would like to partner with us. We wish our staff and students success with teaching and learning this school year.

Respectfully,

Jason B. Angle, Ed.D.
Superintendent
