

2023/2024 Academic Year,

To the Parent(s)/Guardian(s) of Colton-Redlands-Yucaipa ROP Student,

Your student who is enrolled in a Career Technical CRY-ROP Program has an opportunity to earn an industry recognized certification pertaining to the ROP course they are completing this year. Having an industry recognized certification will showcase your student's skills and abilities and enhance your student's employability upon completion of the CRY-ROP Program they are currently enrolled in.

Earning a career related certification will require passing an exam. In order to participate, your student may need to create an on-line account with the company/agency issuing the exam and certification. Students will be encouraged to use their school district issued email address and may be required to input personal information in the creation of their account. Be advised these companies/agencies may not adhere to CA Education Code Section 49073.1. The students' instructor or CRY-ROP's Testing Examiner will guide them in creating this account/student ID.

Most certification exams are computer based and every effort will be made to accommodate testing at the high school your student attends. However, some exams may be required to be delivered through a Testing Center. The CRY-ROP Administration/Main Campus in Redlands operates a Testing Center. If your student's exam is to be taken through CRY-ROP's Testing Center, more information will be provided in this regard.

CRY-ROP is dedicated to giving our students the tools they will need to be successful in the labor market. When funding is available, CRY-ROP will contribute to the cost of certification exams. Not all exams have a fee, but when a fee is required, and if CRY-ROP does not have the funding to cover the entire fee, more information will be provided in this regard.

Your signature below authorizes your student to create an on-line account for certification testing with the agency issuing the exam/certification and authorizes your student to sit for a certification exam. Your signature does not obligate you or your student to participate in said certification exam, nor does your signature financially obligate you to pay for certification if there is a fee involved. As indicated above, if there is a fee involved or if testing takes place off your student's high school campus, more information will be provided.

If you have any questions, please contact the CRY-ROP Testing Examiner at (909) 793-3115, ext 509 or the CRY-ROP Director of Student Services at (909) 793-3115, ext 501.
